of 15 September 1953**

**Proposal to Strengthen Certain  
Intelligence Information  
Collecting Activities (IAC-D-73)**

4. Action: The specific problems of foreign publication and map procurement raised in Mr. Armstrong's letter (Tab A to the document) were agreed by the members to be of concern to their agencies and general interest was evidenced in maintaining the flow of publications and maps at present levels. The Chairman stated that this consensus would be helpful to him in the event that he consulted the Director of the Bureau of the Budget on this matter. He suggested that the larger considerations raised by the recommendations to the IAC (Tab B to the document) be reserved for consideration at a later meeting.
